About Us

At **Down Under Tours** we abide by the motto 'Our People make the difference'. From our accommodating Driver/ Guides and dynamic Marketing personalities working on the front line, to our friendly Reservations staff, Operations team, IT, mechanical workshop and dedicated Administrative people working behind the scenes, it is our people who define our standards of quality and consistency. We have a culture of striving continually for excellence in all that we do. Based in Cairns, Down Under Tours has enjoyed significant growth in over 33 years of operation.

In 1990 we started out with 6 vehicles and a handful of staff. This has steadily grown over time to now having the most modern, luxury fleet of vehicles and employing many local staff, comprising strong, capable and experienced teams in marketing, administration, IT, reservations, operations, mechanical workshop and driver/guides.

Down Under Tours also operates an extensive Group charter division, and sets itself apart from our competitors with a range of superior vehicles and exceptional customer and client service. Our Australian built fleet is fitted out with leather seats and timber floors.

Our experienced Groups Department can assist with all transport requirements from itinerary planning, airport and dinner transfers, special interest groups, series groups, extended touring and Conferences & Incentives.

We have come a long way from our humble beginnings in 1990 when brothers Gordon and James Dixon, along with their partners Helen and Jann, founded the company. Being raised in a family business in transport and logistics, it was a natural progression for the two brothers to establish their own company.

The focus of Down Under Tours has always been exceptional customer service and value for money experiences. It has been instilled in our staff that every day you go out you are delivering dreams. Through this philosophy we have continued to flourish and with a major focus on IT, our ability to deliver the best product and experiences to our clients has become a reality.

In 2017, AAT Kings (who are owned by The Travel Corporation (TTC), the largest privately owned travel company in the world) purchased Down Under Tours securing our long term future. Down Under Tours Australia – the transportation specialists.
