TreadRight Foundation

Encouraging global sustainable tourism.

Created as a joint initiative between The Travel Corporation's (TTC) family of brands, the TreadRight Foundation is a not-for-profit working to ensure the environment and communities we visit remain vibrant for generations to come. By providing grants to organisations that encourage sustainability in different destinations, we hope to maintain the natural attractions and unique heritages across the world that define each region.

To date, TreadRight has helped support some 45-plus sustainable tourism projects worldwide. Within Cairns, Down Under Tours and the Treadright Foundation are foundation members of Citizens of the Great Barrier Reef, an organisation who's mission is to engage a worldwide community to support positive action for the future of the reef and the planet.

Please visit Treadright.org to see the many amazing global projects we have been supporting for over 10 years.

We have a culture of striving continually for excellence in all that we do.

Down Under Tours is Tropical North Queensland's leading day tour operator. We are blessed to have two World Heritage listed areas on our doorstep; the Daintree Rainforest and the Great Barrier Reef. Our comprehensive day tour program encompasses the most popular destinations of Kuranda, Cape Tribulation and Daintree, taking in this amazing World Heritage listed area.

Our driver/guides and Hostesses are passionate about our destination, and love to share their knowledge and experience with our customers. All tours are operated in our superior fleet and are designed to ensure maximum comfort and safety, with features including panoramic side windows to enable exceptional viewing.

Down Under Tours also operates an extensive Group Charter Division. Our superior fleet of Australian built vehicles fitted out with leather seats and timber floors, and our exceptional customer and client service sets us apart from our competitors.

Our experienced Groups Department can assist with all transport requirements from itinerary planning, airport and dinner transfers, special interest groups, series groups, extended touring and Conferences & Incentives.

We have come a long way from our humble beginnings in 1990 when brothers Gordon and James Dixon, along with their partners Helen and Jann, founded the company. Being raised in a family business in transport and logistics, it was a natural progression for the two brothers to establish their own company.

In 1990 we started out with 6 vehicles and a handful of staff. This has steadily grown over time to now having the most modern, luxury fleet of 39 vehicles and employing 58 local staff.

The focus of Down Under Tours has always been exceptional customer service and value for money experiences. It has been instilled in our staff that every day you go out you are delivering dreams. Through this philosophy we have continued to flourish and with a major focus on IT, our ability to deliver the best product and experiences to our clients has become a reality.

In 2017, AAT Kings (who are owned by The Travel Corporation (TTC)), the largest privately owned travel company in the world purchased Down Under Tours securing our long term future.
