

MAKE TRAVEL MATTER®

TRAVEL CHECKLIST

It's never been more important to travel sustainably. **The Travel Corporation** and our **TreadRight Foundation** have created this checklist as a simple way to become a more responsible traveler.

1 PLANNING & PACKING

- Consider traveling during shoulder seasons, or if you can't, then seek out less popular areas
- Fly direct; take-off and landing are the most fuel-intensive portions of the flight
- Compare flight emissions when booking to select the one with the lowest emissions
- Go waste-free, and replace single-use items with reusable water bottles, cutlery, shopping bags, straws, toiletry bottles, shampoo bars, and plastic-free reusable razors
- Use a UV water bottle or filter to avoid single-use water bottles
- Learn local recycling protocols in your destination
- Find water refill stations near you:
 - Try the [Tap](#) app, or an available alternative in your destination
- Lighter luggage means less fuel emissions. Master the art of carry-on travel:
 - Waste-free detergent sheets mean you can wash your clothes on the go
- Switch to these sustainable options:
 - 'Reef-safe' sunscreen that doesn't damage coral reefs
 - Biodegradable dental floss and bamboo toothbrush
 - Solar powered equipment like chargers and torches

CHOOSING WHO TO GO WITH: DOES YOUR TOUR OPERATOR, AIRLINE, OR ACCOMMODATION HAVE:

- A commitment to responsible travel and to minimizing the footprint of their offices and operations through a sustainability strategy with measurable and time-bound goals
- Annual impact reports that share progress on sustainability goals
- A Climate Action Plan, which is a roadmap to reducing emissions
 - Validated science-based targets demonstrate a credible commitment to reaching net zero
- A non-profit foundation or commitment to philanthropic giving
- An Animal Welfare Policy to ensure ethical wildlife experiences
- A Diversity, Equity and Inclusion strategy

Learn how the **The Travel Corporation** has all the above covered through our sustainability strategy, which addresses our impact on the planet, its people and wildlife and is anchored to the United Nations Global Goals.

MAKE TRAVEL MATTER®

TRAVEL CHECKLIST

It's never been more important to travel sustainably. **The Travel Corporation** and our **TreadRight Foundation** have created this checklist as a simple way to become a more responsible traveler.

2 GETTING AROUND

- Opt for public transport for lower emissions and an affordable, local experience. Research ahead for options to and from the airport
- Try out the local bike share program, book a ride share, or go electric/hybrid

3 SLEEPING & EATING

- Choose hotels that use renewable energy, and have waste, water conservation, and recycling programs
- Watch your energy consumption the same way you would at home:
 - Take shorter showers (avoid baths)
 - Turn off all lights, heat/AC, and TV when you leave your room
 - Save on water and energy: extend the use of your towels
- Go meat-free for more environmentally-friendly dining
- Visit a local farmer's market and meet the growers of your food

4 EXPERIENCES THAT MATTER

- Source dining, shopping and activities that support local communities, especially those owned and operated by under-represented communities. Try a guided tour, with a local expert
- Honor local customs, immerse yourself in the local culture and listen intentionally to local community members
- Avoid any purchase of [wildlife products](#)
- Turn off location GPS when on safari
- Avoid wildlife selfies or close wildlife encounters
- Do not touch, walk with, or ride wild animals including elephants, ostriches, and dolphins
- Research wildlife venues and be sure they adhere to reputable animal welfare guidelines
- Find local volunteer efforts you can join
